LOST AT SEA.

Not even a stone to mark his grave!
Down in the fathomless deep he lies;
Above him tosses the restless wave,
And columns of smoke to his memory rise;
Unknown to all, yet his sleep is as sound
As if he were buried in holy ground.
No marble scroll of his name to tell—
His name that was—but what reck he now?
It moves a line not 'tis over and well;
There is tumult above, but there's peace below.
No sound comes there his sleep to break—
Can he ever wake, can he ever wake?
He was lulled to rest 'mid the tempest's roar,
His death-couch under the curl of the foam;
The billows his dirge that chant evermore—
A dirge of death, yet a welcome home;
The sea his sepulchre, let him sleep;
At rest 'mid the throes of the restless deep.
And many a merry bark may go,
And birds glide merrily over the spot,
Nor less will the fish swarm dance below—
He will heed them not, he will heed them not!
Only then shall he rise up from his bed
When the ocean itself is robbed of its dead!

CLOSING OF THE THIRTY-NINTH CONGRESS.

WASHINGTON, March 4th.—There was but an hour and twenty minutes of the session left, and at twenty minutes past ten, Foster, in the chair, rose and said:

Senators: The hour for the final adjournment of the Thirty-ninth Congress is near at hand, and as my official connection with this body will then terminate, I shall make vacant the chair to the end that you may elect a President of the Senate. Twelve years have passed since I was first honored with a seat in this chamber. During this period great events—events of the most intense and painful in our country—events as imposing in their character as instructive in their teachings, as momentous in their consequences as any recorded in human history, have passed before us in rapid succession. Surely we have great reason for gratitude and thanksgiving to Almighty God that hitherto His hand has upheld us. For the past two years by your favor I have occupied the chair of the Senate. My grateful acknowledgments are due to you for the uniform forbearance and courtesy which you have manifested toward me in the performance of such duties as have devolved upon me. Occasional errors and mistakes, in the imperfection of our nature are probably inevitable. No doubt I have committed my full share; my honest purpose has been to act fairly and impartially toward all. I have wronged no one intentionally; and if at any time it has seemed otherwise I sincerely regret it. In casting my eyes over this body I recognize only four members who were here when I first entered the Senate. Since that time eighteen of our members have been removed by death. These changes are admonitory, and must impress the mind with a sense of the fleeting and transitory character of this stage in our being. Though the greatest statesmen, the wisest Senators, speedily pass away, as all men must, institutions founded on the principles of right, and truth and justice may remain until time shall be no longer. May our Government rest on these sure foundations. May this Senate ever maintain its early renown for courtesy, decorum, dignity, and all the proprieties and amenities which adorn the Senatorial character. May you be called to do much to establish, and may you see established, harmony and amicable relations between all portions of our country. May all causes of alienation and estrangements speedily be effectually removed, and a spirit of concord and fraternal love be everywhere diffused and ever abide in the hearts of all our people. May God preserve our Republic, and make it a perpetual glory among the nations. Senators, with feelings of the utmost respect and kindness toward you personally, I bid you farewell.

Foster, at the conclusion of his remarks, vacated the chair, and John W. Forney, Secretary of the Senate, assumed the duties of presiding officer.

The eyes and nose having been called on some unimportant matter, the hour of noon arrived, and Speaker Colfax, rising, delivered his valedictory as follows:

Gentlemen of the House of Representatives: To be called to this responsible position by the voluntary choice of my fellow-members more than fills the measure of an honorable ambition. To be cordially supported by those of all political creeds, amid the exciting scenes so frequent in a body of American legislators, is an evidence of confidence and regard I shall prize to the latest moment of life. But to be indorsed by you all in the resolution you have spread our journal, and which you adopted with such unusual significance and earnestness, beggars me in words of thanks. To be able to retire from this chair, when laying down its emblem of authority, with none to reproach me on one hand for infidelity to the principles I cherish, and none on the other hand to impugn or deny the rigid impartiality with which I have striven to admin-

ister your rules, has been my earnest and daily endeavor in the years that are now garnered with the past. The greatest of my official predecessors, whose memory is still enshrined in so many hearts, and who eminently honored this chair, declared as the essentials of a presiding officer promptness and impartiality in deciding the complex questions of order often sprung instantaneously upon him; firmness and thoroughness in his decisions; patience and good temper toward every member, and above all, to remain cool and unshaken amid the storm of debate and during those moments of agitation from which no deliberative assembly is exempt, carefully guarding the rules of the House from being sacrificed to temporary passions, prejudices and interests. Never hoping to reach this high standard, it has been ever before my mind, as the sculptor studies the model of the great master of his art, hoping to leave behind him a copy not entirely unworthy of the original. Though death has not spared our circle, and New York, Kentucky and Pennsylvania have been called upon to mourn the loss of faithful representatives, we come to this closing hour with our ranks thinned less than usual by paralyzing sickness or wasting disease. We separate after months of the conflicts and excitements of an eventful era, with a genial good will as gratifying as it is creditable. We can never all meet again; but in a distant landscape the eye rests with delight on its beauties, while its defects are thrown into unnoticed shade. May memory, as in after years we review our associations here, bring all the pleasures of this companionship in the national service, forgetful of the asperities which should perish with the occasion that evoked them. But as these parting words are said, another Congress waits for our seats, and with a heart full of gratitude for your unvarying kindness I declare the House of Representatives of the Thirty-ninth Congress of the United States adjourned without day.

The remarks of the Speaker were delivered with great effect, and were listened to with intense attention. When he closed and declared the Thirty-ninth Congress adjourned without day and vacated the chair, he was enthusiastically applauded.

"STEEL" PRICE FOR LAND.—According to the Bulletin, the State Board has purchased a tract of land for the proposed Agricultural College and farm. The tract is some three miles from Oakland, contains a little over one hundred acres, and the price to be paid is \$20,000. We look upon this sum as monstrous. Nearly \$300 an acre for unfenced land, we call a very high price, even in this region of fancy prices for real estate. Just think of it, nearly \$300 an acre for land situated twelve miles from San Francisco! In no other part of the world will arable land command such a figure, and we think the State had better think twice—if it can think at all—before purchasing it. California tax-payers are not made of money, that they can afford to throw it away in this manner.—S. F. Call.

SEVERE ON NEW YORK.—Mr. Brady, of New York, once said to a celebrated Rhode Island lawyer, "Why do you vegetate in a little country village? Why don't you go to New York, where you could find a proper sphere for your talents, and would rise to fortune and distinction?" "Little country village!" replied the lawyer; "take the thieves, and pickpockets, and gamblers out of New York, and it is not so much bigger than Wickford as you think it is."

IN AN OBITUARY NOTICE of an old citizen an Ohio paper says: "He was industrious, until enticed by old age."

THE GODS WISER THAN WE.

The divinely appointed end in the probation of individuals as also of nations, is their improvement and perfection. The efforts of inspired men, law-givers, founders of States, or civilization, have been directed solely to this end. The history of the growth of civilization, of liberty, of States, is to a large extent the history of insurrections, of civil revolutions, followed by settlements defining and establishing the rights, liberties and franchises of the people, embraced in charters, compacts and constitutions, have been more or less perfect, more or less an improvement on preceding ones; just in proportion as those making them have profited by experience, have made them to conform to the eternal laws of right, of justice, of freedom, established by the Creator in the immutable relations between man and man. The venerable men who framed the Constitution of the United States made a great advance in English liberty. But while they asserted the natural, inalienable rights of all men to life, liberty, and the pursuit of happiness, they found it impossible to make it entirely conformable thereto. One relic of barbarism had become so wide spread and deeply rooted in the civil and industrial institutions of the new world, that to gain the assent of a sufficient number of States to found a national government, it was deemed necessary to give African slavery a qualified, constitutional sanction, by granting to the several States the right to establish it within their respective limits by municipal law. Thus was incorporated into the fundamental law of the Republic the seeds of evil and injustice, which rooting deeper and spreading wider, cast their gloomy shadows over nearly one-half of the Republic, and bore the bitter fruit of 1860. After more than four years of consultation and effort they framed the Constitution of 1787, as the best possible for themselves and their posterity. No such necessity lies on us of to-day as lay on them. The National Government is strong and is master of the situation. Shall we incorporate into the Constitution, "equality of representation," the fundamental principle of national unity and citizenship? Shall we establish "disability" as a punishment for "treason?" In a word, shall we lay the foundation of lasting peace and prosperity, or shall we entail on future generations inequality, injustice, strife and civil war? At one time, when the great heart of the nation was chastened with the loss of its lamented Chief, and subdued with sorrow, draping so many family altars in mourning, the "erring sisters" would have been welcomed back on easy conditions. Conditions that would have entailed inequality and injustice in the relations of those States to the National Government, as also in the relations of the citizens of those States with each other; the fruitful source of future civil wars. Just then inscrutable destiny, some mysterious Providence, interposed Andrew Johnson to prevent entailing on posterity so great a calamity. Through him, development and expression was given to the real "enemies" of those lately in rebellion. He became their stone of stumbling and rock of offense. The Government and the people were thus compelled to take a second sober thought. Why hasten to invest with the right of representation in the National Government political communities as States, which, like the Bourbons can learn nothing by experience? Why hasten to clothe men with power who are unable even to conceal their hatred and hostility to liberty whether exemplified in the citizens of the South or in the National Government? Why hasten to invest with National and State power men who have the will but lack the power to crush out loyalty and liberty North and South? In short, why not let those communities remain under quasi-military rule and Territorial tutelage until they learn to respect the first principles of civil liberty, the right of life, liberty, and property. Until they come to understand that every citizen North or South has rights equally sacred and precious. Until a Northern man shall have as ample protection in the enjoyment of freedom of speech, of personal liberty, security, and right of property in the South, as Southern men now enjoy in the North.

MORE OF IT.—More than three feet of snow fell at Cisco during the last storm.

LETTER FROM COLFAX.

COLFAX, April 12th, 1867.

MR. EDITOR:—Our sometime quiet town has been again disturbed by strife and contention. Man's hand has been raised against his fellow-man and disorder rules the roost. Saturday evening a runner from Egbert's mills arrived and reported an extensive riot in a progressive state near that point. He did not know the cause or the origin of the trouble but surprised us when he said it was confined to the usually quiet portion of the community known as wood-choppers. We all recollected the good feeling and brotherly love manifested among them when they were marshaling their hosts to meet the Federal aggressors. But things change each day, and they are not an exception. The Federals had backed down, and, as is frequently the case with well trained troops, discontent and broils arose. For a time it was kept in the channel and controlled, but on Saturday it overflowed the banks and culminated in an extensive fight as has occurred for many years. Shovels, axes, rocks and other like innocent implements were brought into active use, and did considerable execution. As is usual in such cases, the vanquished party appealed to the law to give him rights he had failed to get in the fight, and such another trial as we have had over it seldom, if ever, occurs. After the usual preliminaries of arraignment, employment of counsel, etc., Tuesday, the day set for trial arrived. Large crowds were in attendance, and wood-choppers for miles distant were here, and Egbert's mill ceased operations for the want of hands. For the defence K. Quinton appeared, a well known constitutional advocate, and an active revolutionary leader among the wood-choppers. For the prosecution, Bill Johnson, also a sympathizer, but better known for his secession proclivities. Witnesses were examined all day and everything in the wood-chopper's vocabulary ventilated from one end to the other. How would you expect, corded, the mode and style of cutting, eating, living and sleeping; everything, in fact, from the size of a piece and shape of wood-wood to the price of grub at Hayford's store was fully and satisfactorily explained. The fight was alluded to, but the time of the fight was not mentioned. The witness employed in the important historical and business events that was much more interesting. The testimony at last ceased and the able counsel for the defence commenced the argument, and for an hour and a half poured forth his thrilling and overpowering eloquence. He claimed the court and crowd by the magic of his words; held up his clients as injured martyrs, vehemently denounced traitors and wound up with as pretty an eulogy upon the wood-chopper's occupation as I have heard. Johnson followed for about the same length of time, and labored strenuously to show that an outrage the most diabolical had been committed; when he got through the court was asleep and the prisoners had gone out to get a drink. The court aroused itself, remarked that it would take sometime to weigh the testimony, and adjourned to Bill Wright's to fully and maturely deliberate. Court was at length called, and everybody was on tiptoe to hear the judgment, as the final moment approached much uneasiness was shown among the prisoners, all else was quiet save the ominous ticking of the great clock in the judgment hall. At length the court spoke, and said: "Gentlemen, there has been a great deal of testimony on this case and much comment thereon. The investigation has disclosed many statistics, together with the manners and customs that would be of interest to the curious historian who might wish to correctly represent the case in the history of the present age, but I can see that it has but little reference to this case. Here I wish to say a few words to counsel, and by way thereof will illustrate, last week I wrote a letter for an acquaintance to his wife in the Atlantic States; it was in answer to one he had received. His wife told him among many other things that she had just presented him with a boy. When I came to that part of the letter and asked him what I should say to the baby he stopped, counted on his fingers for some time and says he, 'I have been away from home eleven months and two days, tell her that I reckon this one is all right, but if she has another I'm d—d if it will be.' It is thus with you gentlemen, you have done as you pleased in this case and I reckon it's all right, but if you do it again I'm d—d if it will be. All that I can see in the testimony that has any bearing on the case is the parties to the engagement. One side swears one way and the other side the other, thus far it is a balance and we have no testimony; the other principal witness in the case was Mr. C. He saw the parties elope, roll down the hill, etc., but knows nothing about the commencement, he seems to have formed no opinion as to the merits of the case and to be in doubt whether anybody was to blame or whether any wrong was done, I shall adopt his theory of the case and as the defendant is always entitled to the benefit of all doubts, I cheerfully give them to him, I therefore dismiss this case and it is so ordered. The announcement was followed by considerable applause, and the parties dispersed.

On Wednesday night a lecture was announced to come off at Starr's Exchange on the Irish-Chinese question. Many attended, but the lecturer unfortunately failed to appear. It appears in explanation that he had been associating with the gravel train, who had just been paid off, had imbued too much "strychnine," and was unable therefore to come to time. The meeting was adjourned for an indefinite time. Yours, O. CASADIAN.

THE WIND AND STORM.—On Wednesday evening about half-past eight, the wind began to blow furiously from the South and continued nearly an hour in the fiercest gale we have had in a long time. Just south of the town 21 trees of various sizes were blown down, and the tops were taken from three others. The rumbling, crackling and crashing down of some of the largest was louder than the roaring of cannon. Many of our citizens were alarmed for the safety of buildings, but little injury was done. The flames of the Ditch Companies were damaged in several places but not seriously. Up to this time, Friday evening, there has been no cessation of the storm, part of the time rain, some of the time snow.

THE UNION CONVENTION.—The State Central Committee have called a Union State Convention to meet at Sacramento on Wednesday June 12. The whole number of delegates will be 303, 153 will be necessary for a choice. San Francisco has 63 delegates and Colusa 12.

A FIRE occurred at Mokelumne Hill on Monday of last week, consuming one house on Lafayette street.

We have noticed lately that the disposition manifested by several of the most prominent citizens of this township for county and district offices meet with rebuke from the self-constituted dispenser of positions in our districts and county, and the mighty genius who controls the destinies of the self-styled organ, the *Stripes*. We are happy, however, to be able to state to our people that the editor of that paper in his issue of the 10th tells them that if they will get together and settle their little difficulty by presenting one candidate to the County Convention, his claims will be considered. He intimates that the cause for his recommending the relinquishment of the candidates' claims, is his abiding interest in the success of the party in our Township, and he rather insinuates that if more, than one candidate from Township No. 4, is presented before the county convention the unsuccessful candidates, with their friends, may "bolt" the regular nominations. Now, we have a better opinion of every gentleman who has aspired to an office from our Township, and would not hesitate to pledge their support to the nominees of both the district and county conventions, and think the insinuation from our neighbor is anything but just or complimentary to the gentlemen who have announced themselves as candidates before either the conventions. But we are very, very thankful to our friend for assuring us that Township No. 4 will be allowed the office of Collector for District No. 2. Such magnanimity—considering the circumstances—is seldom to be met with, especially from a manipulator of district, county and State slates; and we know the people of Township No. 4 will keep him in grateful remembrance for his fostering and protecting care. We advise our friend, however, to refrain from inducing any more parties to announce themselves with the promise of his immense influence, as we learn that a conference is to take place in order to find out the number he is pledged to for the same office, and the denunciation may prove embarrassing, even to one of his prolific resources.

PROSPECTING MILL.—By referring to our advertising columns it will be seen that Hanscom & Co., of San Francisco, are prepared to furnish a mill with two stamps, grinding and amalgamating apparatus complete. This is a great desideratum for our quartz and cement prospectors, and we hope soon to see such a mill at work among the claims in our neighborhood. By its use any claim may be fully tested without the expense of a first class mill, and if the claim proves worthless or comparatively so, the mill can be removed at a trifling cost.

W. H. FELLOWS has been appointed Deputy Internal Revenue Collector for Placer county. Mr. Fellows was for sometime a resident of our town, and for a short time stopped in our office to get an in-sight of the business, but not long enough to accomplish anything. We understand he was popular in the volunteer service, where he would doubtless have distinguished himself, had he continued. We wish him success, and hope he will perform the functions of his office in a manner to reflect credit upon himself and verify the good opinion of the friends who obtained his appointment. Mr. Pugh resigned.

THE REV. J. E. BENTON will hold religious service at the Dutch Flat Union Church, to-morrow morning and evening at the usual hours. Subject in the morning: "Glorifying God."

THE AMATEURS played William Tell on Thursday evening to a good house. Scriptural as Tell did well, but can do better. Nichols as Gessler was good, but too rapid. Emma and Albert by Misses Halsey and Phillips were far above the amateur average, but could be improved by greater earnestness, force and vivacity of manner. The first difficulty in the way of all amateurs is, time to thoroughly learn the part. Ours have not all conquered it yet. But they improve; and when they repeat Tell next week, as they propose to do, with the "Stage Struck Yankee" we shall expect a great advance.

ADMITTED.—By an oversight we neglected to mention that Minor Frink Jr. was admitted to practice in the Supreme Court of this State, several days ago. We are informed that Mr. Frink acquitted himself with great credit under a severe examination lasting an entire day. There were nine candidates and only four passed. Mr. Frink has not decided upon the field in which to enter on the practice of his profession.

THE SUPPER.—In spite of the rain there were a large number of ladies and gentlemen at the hotel of Mr. Soffens to demolish the supper spread for the benefit of the Rev. Mr. Cool. There must have been not far from \$100—cleared.

ROBBERY IN TUOLUMNE.—We gather the following particulars of a daring robbery near Sonoma from the Herald of the 6th of April:

DARING ROBBERY.—On Saturday night last, a party of Chinamen were robbed of thirty dollars. The Company are living within a few yards of the Eagle Company's quartz mill on Blue Gulch, where if the least outcry had been made, twenty men would have been ready to have defended them, but overcome by their fears, they quietly submitted to the demands of the robbers. On the same night a company was robbed who live on Wood's Creek, near Davis' Ranch. One of the Chinamen aroused Mr. Davis, who went to their assistance, but on approaching the house was confronted by one of the robbers with a six-shooter, who wanted to know "what in hell he wanted there?" Mr. Davis, thinking "discretion the better part of valor," hastily retreated, followed by a volley from the robbers. He halted and discharged the contents of a double-barreled shot-gun at his pursuers at which they decamped with twenty dollars of the Chinamen's dust.

DEMOCRATIC STATE CENTRAL COMMITTEE.—This Committee will meet in San Francisco on the 18th instant. The Head Center of the Committee, Wm. T. Coleman, being absent from the State some of the *vices* will be raised.

PRETTY HEAVY.—Edward Moses, convicted in the San Francisco County Court for gaming by dealing faro, was sentenced to pay a fine of nine hundred dollars or be imprisoned in the county jail six months.

BAPTISM.—Several persons were baptized in Placerville on the fourth inst., by Rev. Mr. Thomas, of the Methodist Church, and Rev. Mr. Charleton, of the Baptist Church.

KIND WORDS.—Kind words never blister the tongue or lips. Though they do not cost much, they accomplish much. They help one's own good nature and good will.

Angry words are fuel to the flame of wrath and make the blaze more fierce. Kind words make other people good natured; cold words freeze them; hot words scorch them; bitter words make them bitter; and wrathful words make them wrathful.

There are vain words, hasty words, spiteful words, empty words, profane words, and warlike words. Kind words also produce their fruits on men's souls, and a beautiful image it is. They soothe, quiet and comfort the hearer; they shame him out of morose or unkind feelings.

BLACKSMITHING,

WAGON MAKING, HOISE AND

Oxen shoeing done at all their branches in a substantial and workmanlike manner. Respectfully announcing that he continues business at the old stand, on Sacramento street, where miners, farmers, travelers and the public generally will be accommodated with every description of work in his line at the most reasonable rates.

GEO. M. HALSEY.

CONSTABLE'S SALE.

BY VIRTUE of an Execution to me delivered and directed on the 20th day of March, 1867, issued out of the court of E. Aubrey, a Justice of the Peace in and for Township No. 4, County of Placer and State of California, on a judgment rendered in said court on the 20th day of September, 1866, in favor of J. O. Higbee, and against A. A. Ferguson, for the sum of \$67.83 in Gold Coin of the U. S. with \$10.37 interest, and for costs of suit taxed at \$19.63. I have this day levied upon and will expose to public sale, to the highest bidder for cash, in front of the Justice's Office, in Dutch Flat.

On Wednesday, April 24th, 1867, at the hour of 11 o'clock, A. M., all the right, title, interest and claim which the said A. A. Ferguson had on the 15th day of September, 1866, in and to the following described property, to wit: One lot or parcel of land, situated in the town of Dutch Flat, Township No. 4, Placer County, State of California, and bounded on the North by E. B. Boust's lot, on the South by Mrs. McCulloch's lot, on the East by Sacramento street and extending back 200 feet more or less. All of which named and described property I shall sell as aforesaid, or so much thereof as may be sufficient to satisfy the above judgment together with the costs due and to become due thereon.

"JES" SO!—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters, and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
Cold Extremities and Foul Lips,
Sour Stomach and Feid Breath,
Flatulency and Indigestion,
Nervous Affections,
Excessive Fatigue and Short Breath,
Pain over the Eyes,
Mental Despondency,
Prostration; Great Weakness,
Sallow Complexion, Weak Bowels, &c.,
which are evidences of

Liver Complaint and Dyspepsia.
After long research, we are anxious to present the most pleasant, the most remarkable cure for these horrid nightmarish diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.
The report that it relies upon mineral substances for its active properties are wholly false.
The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Bitter, salutary to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

LYON'S EXTRACT GINGER.

Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment never fails. For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made. It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifting the kettle from the fire, it tipped and scalded me terribly. The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad St., Phil.

Mr. S. Litch, of Hild Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, (Chemist) and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists at 25, 50 cents, and \$1.

The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine, if you insist you will have no other.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in slightly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females, who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

MEDICAL.

FR. JENIN MEDICAL OFFICE.

Dr. JENIN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

Dr. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, upstairs entrance either Montgomery or Sacramento streets.

Dr. PERRAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently infuse all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks. Patients suffering from venereal diseases in any stage—gonorrhea, Gleet, Stricture, Babo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercutrial Taints entirely removed from the system.

Dr. PERRAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under various diseases, can call and examine for themselves. We invite investigation: claim not to know everything, nor to cure everything, but we do claim that in all cases taken under treatment, we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. PERRAULT is the only agent in California for Dr. Roy's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, form
erly of Locks Hospital, London, Eight Years in
Sacramento, and the last Four Years in San Fran-
cisco.

DR. TOZER'S

Experience is of forty year's standing, and during
that time he has met with unparalleled success in
the treatment of all those diseases generally known
as Venereal or Chronic.

It is impossible here to mention all the diseases
with which he is familiar; some, perhaps, will not
be out of place. The most formidable, the most de-
structive to mankind is Self-Abuse. The brain be-
ing the seat of the disease, the whole system suffers
in consequence. I will here enumerate some of the
symptoms, so that those afflicted may be able to form
an opinion in regard to their complaints and seek
advice in time thereby saving themselves a world of
suffering: Nervous Debility, Loss of Memory, Pain
in the Limbs and Back, Palpitation of the Heart,
Trembling of the limbs, Headache and an aversion
to general society, especially that of females. There
are a great many more, but these are sufficient, and
should you be suffering from any of them, call on Dr
TOZER, and he will cure you in a short time, with-
out any interruption to your business or state your
case by letter, and there will be no occasion for your
calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one
of my circulars on that disease, and inform yourself
of its terrible results. The worst cases cured in a
few days.

Venereal Diseases,

In all their various forms, either Primary, Second-
ary or Hereditary, completely eradicated from the
system. Your constitution being restored to perfect
health, there will be no danger of handing down to
your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on the coast, is of a more for-
midable character than that seen in the Atlantic
States or Europe, arising from the fact of its be-
ing a compound of Spanish, Chinese and Sandwich Is-
land diseases. Those of you who have visited the two
countries no doubt have seen the dreadful effects of
it on the native and foreign population. It requires
altogether different modes of treatment.

The Old Formulas

Of Ricord, Action and Howick are of little account,
except to dry up the disease on the surface, leaving
the poison in the blood, which, sooner or later, will
show itself as a secondary disease in an aggravated
form. These facts I have learned by experience, and
think I can say without boasting, that I have
seen more practice in these diseases than any other
physician in San Francisco, dating as it does, from
1849. It becomes you, therefore, to think well before
you employ a physician. Who is the proper one to
consult? An old experienced one, or one who has
recently settled among you?

My plan is purely vegetable, destroying the dis-
ease and purifying the blood so that there is no dan-
ger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such
as pains in the skin bones, swellings of the differ-
ent joints of the body, running sores, etc., and im-
purities of the blood, cured in a short time by the
use of my VEGETABLE MIXTURE, known only to
myself.

Seminal Weakness,

Should you be afflicted with any of the following
symptoms, such as weakness of the Back and Limbs,
Pain in the Head, Dimness of Vision, Nervousness
and General Debility, Loss of Memory, Confusion
of Ideas, and Depression of Spirits, Etc., send for
one of my circulars, and an aversion to society, consult
Dr. TOZER at once, and he will restore you to per-
fect health.

To Females,

When you are afflicted with Weakness of the Back
and Limbs, Head, Loss of Muscular Power, Palpita-
tion of the Heart, Irritability, Nervousness, Ex-
cessive Urinary Difficulties, Derangement of the
Monthly Sickness, Sterility, and other diseases pec-
uliar to females, consult Dr. TOZER, and you will
receive particular attention. Let no false delicacy
prevent you, but apply at once, and save yourself
from painful suffering and premature death.

My rooms are so arranged that there is no danger
of exposure, and of meeting any one save the Doctor.

My FEMALE MONTHLY PILLS were never
known to fail in giving relief to those cases for which
they are recommended. To be obtained only at my
office.

Price, FIVE DOLLARS—with full directions on
each Box. Sent by Mail or Express.

To Correspondents,

Patients of either sex, residing in any part of the
country, however distant, who may desire medical ad-
vice, and of Dr. TOZER, can, by submitting a writ-
ten statement of their case to the Doctor, receive all
the attention and medicines necessary to effect a
cure. All letters strictly confidential, opened and re-
plied to by the Doctor himself.

Consultation at the office or by letter, FREE.

**A Grateful Acknowledgement to Skill-
ful Gentlemen.**

SAN FRANCISCO, June 1, 1891.
Dr. Chas. H. Tozer, Dear Sir, You will excuse me
for not writing to you sooner. You will please
remember me as the individual who called on you for
assistance about a year ago, and who, by your kind
and complete treatment, and my patient's own
and there remained, stopping up the passage so that
I could hardly eat. You remember you cut it out at
once, which relieved me immediately. I was en-
abled to swallow my food, and in a short time be-
gan to improve. I took your medicine, and followed
your directions for several months. You finally suc-
ceeded in stopping the disease, saving my nose
and upper lip, though you frequently cautioned me
about losing it. I continued to improve until you
finally recommended me to go into the country, and
before going, by your advice, I had a cast taken of
my mouth, in order that I could have a plate made
for me to enable me to speak so as to be understood,
and am now using it. My eternal thanks are due
to you for the perseverance and skill that you dis-
played in my case; and I have to thank you for my
restored health, and even my life, as I was very
near bleeding to death several times from the nose.
I am now in Sacramento City, enjoying good health,
and I shall recommend all my friends to call on you
should they be so unfortunate as to require assis-
tance; and I would advise all persons to avoid cer-
tain scientific doctors in your city, for they will
send them to a land from whence no traveler re-
turns.

With my best wishes for the success of both of
you, I remain, yours, etc. S. S. T.

PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the
Pacific Mail Steamship Company's Office. Private
entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and
scientific medical aid in the treatment and cure of
all Private and Chronic Diseases, cases of Se-
crecy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to
his numerous patients for their patronage, and
would take this opportunity to remind them that
he continues to consult at his Institute for the cure
of chronic diseases of the Lungs, Liver, Kidneys,
Digestive and Genito-Urinary Organs, and all pri-
vate diseases, viz: Syphilis in all its forms and
stages, Seminal Weakness, and all the horrid con-
sequences of self-abuse, Gonorrhea, Gleet, Stric-
tures, Nocturnal and Diurnal emissions, Sexual
Disability, Diseases of the Back and Loins, Inflam-
mation of the Bladder and Kidneys, etc., etc., and
he hopes that his long experience and successful
practice will continue to ensure him a share of pub-
lic patronage. By the practice of many years in Eu-
rope and the United States, he is enabled to apply
the most efficient and successful remedies against
diseases of all kinds. He uses no mercury, charges
moderate, treats his patients in a correct and hon-
orable way, and has references from men of known
respectability and high standing in society. All
parties consulting him by letter or otherwise, will
receive the best and gentlest treatment, and im-
plicit secrecy.

Dr. DOHERTY would call attention to the follow-
ing certificates from two of his patients, who, hav-
ing fully recovered their health, desire to make
known their remedial agent. It will be seen their
statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their
publicity and they are given here to warn the unwar-
y to sound the praise of a Physician, of whom
hundreds of like cases can be cited during a prac-
tice of more than fifteen years.

Dr. DOHERTY—Dear Sir: I feel my health so fully
restored, that in common gratitude, I believe I
should make you some written acknowledgement for
your valuable services—particularly as your fee
was small for the work performed.

I arrived in this city from the East about one year
ago, and was then suffering from an old case of
Gleet, complicated with Stricture. Being a stran-
ger in this city, and believing those Doctors who
have given positive assurances of success were neces-
sarily the best, (some of whom have a large number
of titles), I placed myself in their charge and con-
tinued under their treatment until I had lost nearly
all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor
I have employed, and the only one that has ever
made me any service. My Gleet is wholly cured, my
Stricture is all removed, and my general health is
better than it has been for years.

In conclusion, I would say to the many unfortun-
ates who require medical advice, if you have any
doubt as to whom you may employ, ask Dr. Doherty
for my address and call and see me. (I keep store
in this city.) My experience may save you many
dollars.

I would also add that in the early stage of my
disease I used a large amount of the preparations
advised by the best medical talent I could find,
but never derived any benefit from them.

I am, Doctor, very truly yours,

San Francisco, June 16, 1891.
subscribed and sworn to before me, this 21st day
of June, A. D. 1891.
[L. S.] A. S. GOULD, Notary Public.

**Seminal Weakness—A Sworn-to Certificate of a
most Remarkable Cure of Spermatorrhea.**

A desire to benefit humanity, and a feeling of
gratitude to Dr. W. K. Doherty, alone induces me
to make this statement. For many years I have
been afflicted with that fearful disease known as
"Spermatorrhea," or Seminal Weakness, the result
of self-abuse, but till 1885 experienced but little
relief from the various medical remedies I had em-
ployed. In that year, however, I had Seminal Weakness to a alarming extent,
which was soon followed by the most alarming
symptoms as weakness of the back and limbs, pain
in the head, dimness of vision, nervousness and
general debility. My mind, too, was affected to
such an extent as to seriously impair my memory;
my ideas were confused and spirits depressed. I
was averse to society, had evil forebodings and self-
distrust, and was entirely unfitted for any of the
duties of life. From 1885 to the summer of 1891, I
employed the very best medical talent I could find,
and spent several hundred dollars, but in no in-
stance obtained more than temporary relief. I had
about concluded there was no relief for me in this
world, but seeing Dr. Doherty's advertisement, I
thought I would call and see him, as he charged
nothing for consultation. I had an interview with
Dr. Doherty at his office, in Sacramento street, and
his fee for treatment was so reasonable, I deter-
mined to try him, though I did not expect much
benefit from his treatment. On the 5th of Decem-
ber I placed myself under his care, and one week
I found myself very much improved, and, now,
after five weeks' treatment, I feel myself thoroughly
cured of all my troubles, and in the enjoyment of
the best health. Hoping that my experience may
be of benefit to others similarly afflicted, I sub-
scribe myself
JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day
of January, A. D. 1891.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with
disorders of the back and limbs, pain in
the head, dimness of sight, loss of muscular power,
palpitation of the heart, irritability, nervousness,
extreme urinary difficulties, derangement of the di-
gestive functions, general debility, vaginitis, all dis-
eases of the womb, hysteria, sterility, and all other
diseases peculiar to females, they should go or write
once to the celebrated female doctor, W. K. Doherty,
at his Medical Institute, and consult him about
their troubles and disease. The Doctor is effecting
more cures than any other physician in the State
of California. Let no false delicacy prevent you,
but apply immediately and save yourself from
painful sufferings and premature death. All Mar-
ried Ladies whose delicate health or other circum-
stances prevent an increase in their families should
write or call at Dr. W. K. Doherty's Medical In-
stitute, and they will receive every possible relief
and help. The Doctor's offices are so arranged
that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, how-
ever distant, who may desire the opinion and ad-
vice of Dr. Doherty on their respective cases, and
who think proper to submit a written statement of
such, in preference to holding a personal inter-
view, are respectfully assured that their communi-
cations will be held most sacred. Dr. Doherty
takes this opportunity of observing, that all letters
are only opened and replied to by himself, and the
latter as promptly as possible.

If the case be fully and candidly described, per-
sonal communication will be superseded, as in-
structions for diet, regimen, and the general treat-
ment of the case (including the remedies), will be
forwarded without delay, and in such a manner as
to convey no purport of the letter or parcel so trans-
mitted. Consultation at the office free. Perma-
nent cures guaranteed or no pay. Address—
